GC Steel Merger Challenged

Consumer advocate Ralph Nader said Thursday afternoon that U. S. Attorney General John N. Mitchell twice vetoed proposals for the federal government to oppose the National Steel Corporation's Aug. 16 acquisition of Granite City Steel Co.

Nader disagreed with Mitchell's decision not to interfere with the merger and asserted that the merger in some ways could be viewed as "apparently illegal" in that the two firms have a combined share of "at least 15% of the market in several geographic and product areas."

"Anything above 8% is presumably illegal under present antitrust doctrine (guidelines),"

Nader and Mark Green, who headed a private study of the merger, said in a joint statement. They asked for an explanation.

Unaware of Veto

Nicholas P. Veeder, Granite City Steel executive, said he was unaware that Mitchell had vetoed recommendations that the U. S. oppose the merger. "I had no inside information," Veeder said.

In a letter to Mitchell, Nader and Green said, "It has come to our attention that Mr. (Richard W.) McLaren, for the antitrust staff on the case, twice recommended to you that an anti-merger suit be brought, and that you twice refused."

without public explanation offered."

The two cited prior cases where the Justice Department had succeeded in opposing steel mergers. They said the department's record until now "has been good."

They added, "Of all the industries you could have chosen to emasculate doctrines of antitrust and competition, steel is perhaps the poorest choice." They quoted a study of the industry commissioned by President Nixon as saying that lack of competition is one reason for lack of productivity. The combined company is third largest in the industry, compared to fourth and eleventh largest previously.

Downtown GC Mall Petitions May Spur Early Construction

By HARRY BARNES

Press-Record Staff Writer
Plans for a proposed downtown Granite City Mall and redevelopment program—designed to revitalize the business segment of the downtown area—have progressed near the planning stage with construction expected to get under way by early next spring. It was learned by the Press-Record today.

Petitions requesting the Gran-

ite City Board of Local Improvements to conduct public hearings on the proposal and to levy assessments of costs to finance the work are in circulation. The petitions also ask that the mall and redevelopment project be officially adopted by the Board of Local Improvements as Downtown Local Improvement District No. 1.

Henry Gabriel, chairman of the Downtown Redevelopment Committee of the Chamber of

Commerce which initiated the project more than two years ago in cooperation with Granite City council members, said a meeting of his committee to receive preliminary plans and cost estimates on the project is to be held soon, possibly this week.

Tentative planning has been under way by Harland Bartholomew and Associates, St. Louis planning and engineering firm. Gabriel said his committee ex-

pects to meet with Malcolm Drummond, a representative of the engineering firm, to discuss further steps in the project.

The project, conceived as a means of revitalizing the downtown area, has the full support of the Granite City council which confirmed the appointment by Mayor Donald Partney of the Board of Local Improvements which will be necessary for assessment of property within the area.

The Board of Local Improvements includes Mayor Partney, Alderman Walter Nomm of the Fifth Ward, Street Superintendent Lionel Portell and Second Ward Alderman Frank Greenwald.

Under present procedure, 51% of the owners of property within or abutting the district proposed for improvement must sign the petition to authorize a call for public hearings by the Board of Local Improvements.

In summary, the proposed improvements include widening and improvement of abutting sidewalks on 19th Street from Niedringhaus to State Street, and the creation of useable on-street parking spaces with angle parking, change in curbing, planting of trees and shrubs to beautify the shopping area and facilitate the control of pedestrian and vehicular traffic.

Other Improvements

The program also will include installation of serpentine streets and the widening of pedestrian travelways on Niedringhaus Avenue from 20th Street to 19th Street, with change of curb and sidewalk line for control, access and parking by vehicular traffic, and the planting of trees and shrubs for the beautification of such area, "all of which is for the purpose of creating a Downtown Shopping Mall for the benefit and improvement of said district and properties lying therein," according to the petition.

Originally, plans called for voluntary financing by merchants and other property owners whose property would be improved by the project, but the use of the special assessment laws to guarantee financing is now considered the most reliable means of accomplishing the project, proponents said today.

Jubilee Comes to an End

By VALERIE EVENDEN

Press-Record Staff Writer

The community's senior citizens and youth shared the Jubilee spotlight as activities in Granite City's week-long 75th Anniversary celebration drew to a close. The Jubilee celebration officially concluded Sunday with "Fun Day" at Wilson Park, with residents visiting concessions and midway rides through out the day.

A parade of decorated autos and "Youth in Government" ceremonies at city hall marked the Jubilee's final day. Youth Day observances Thursday drew a crowd with events directed toward the younger generation.

Hundreds of youngsters participated in activities which included a well-attended "spatler party" at Wilson Park swimming pool and a pre-teen matinee at the Washington Theatre.

Also enjoyed were watermelon and egg-throwing contests and wheelbarrow and sack races at the park.

A softball contest between a police-city officials squad and a team representing youthful residents attracted an enthusiastic crowd.

On Friday, the oldests took over as the Jubilee's VIPs to be honored during "Pioneer Day" events.

Registration at the Calvo Building of pioneers and former residents was conducted in the morning hours and culminated with a special awards ceremony that night prior to presentation of the "Profiles in Progress" pageant at the park.

Cong. Price Attends

U. S. Cong. Melvin Price (D-East St. Louis) attended the pageant performance and presented a plaque to Austin Brady, 92, who resides with daughter, Mrs. Velma Lamm, 2139 Woodlawn Ave., as the community's oldest resident to register at the hospital center. Mr. Brady is a native of Elwood, Ind., and came to Granite City in 1901.

Mrs. Laura Bishop, 86, who lives at 2860 Washington Ave., received a similar plaque from Mrs. Sara Denney, chairman of the "Pioneer Day" selection committee, as the oldest lady to register for the event.

Receiving an award as the person traveling the longest distance to join in the 75th Jubilee celebration was Mrs. Perle Barnfield of Sarasota, Fla. Mrs. Barnfield, the former Perle Rosenberg, was the first girl born in Granite City.

Cong. Price who strolled through the pageant crowd, greeting local residents, was presented a plaque by Mayor Donald Partney which named the U. S. Congressman as an honorary citizen of Granite City.

Escorts Given Plaques
The mayor also gave plaques to five small boys who served as escorts to "Little Miss Jubilee" and her court of honor. The boys were Wally Chaboude,

Salaried Work Force Cut at GC Steel Co.

More than 100 supervisory personnel and other non-union employees of Granite City Steel Co. were laid off last week in a further reduction of the work force.

A spokesman for the local steel mill cited the "weak" market for steel in ten years as the primary causes for the layoffs.

Some employees at the Granite City plant were terminated, but others will be rehired when business picks up, probably in December, the spokesman stated. A breakdown of a blast furnace last month and fewer orders for steel bolts contributed to the reduction of the salaried force.

About one month ago, an estimated 650 hourly union workers were laid off, including 200 college students hired for the summer months.

Demand for steel are down across the nation, largely as a result of customers stockpiling steel in expectation of a possible strike Aug. 1. A new contract was successfully negotiated and the strike failed to materialize.

Granite City Steel and Laclede Steel have cut few workers compared to other areas, Lloyd McBride, district director of the United Steel Workers of America, AFL-CIO, said. Both firms have Oct. 1 expiration dates on steel workers contracts (and follow in the national pattern) with a result that advance stockpiling did not occur to the extent as elsewhere.

It is estimated that at least half of the 70,000 steel workers in the Chicago and northwest Indiana areas have been laid off in the past three weeks. Future layoffs at the Granite City plant were not ruled out by the spokesman, however, who indicated that the employment situation is uncertain at the present time.

He said the latest layoffs had no relation at all to the firm's recent acquisition by National Steel Co. of Pittsburgh. Eventually, total employment here is expected to increase, he added.

2 DAYS WITHOUT A QUAD-CITY TRAFFIC FATALITY

Parents of Dunbar School students attempted to register them at Louis Baer School and Madison Junior High School this morning in a dispute over the condition of the Dunbar facility.

The parents met with school officials Friday night and demanded that Dunbar School be closed as unsafe. They said they would attempt to register the 500 students at other schools in the district and would not allow them to attend Dunbar.

Fred Riddle, school superintendent, said this morning that the students are being allowed to fill in late registration cards at the schools and registration is proceeding "orderly and quiet."

He said parents will be sent a letter after registration notifying them what school their children must attend which will include assignment to Dunbar School for those in that district.

Riddle maintained "It is simply impossible for us to put these students at other schools. We do not have the room."

He said the parents' demand to close the Dunbar school is an issue which will have to be taken through the courts and can not be settled by the school board.

"If the court orders us to close Dunbar, the federal government will have to send us the money to build new schools," Riddle said.

Recent engineering reports on the school have found walls to be safe and eight custodians from the district were sent to the school Saturday on

over time to clean it and prepare for classes, Riddle said.

He added that an extra custodian for the school is being hired and will begin working there in the near future.

The school was to have opened Wednesday but parents posted signs urging parents not to send their children to school. They have boycotted the school since and no classes are reportedly being held today.

Home Vandalized In \$2,700 Burglary

Items valued at more than \$2,700 were stolen by thieves who broke into a home in the 1200 block of R. Jones, 12 Briarcliff Drive, it was reported at 10:25 a.m. Sunday.

Taken from the residence were a .22 caliber revolver and shells, valued at \$20; a .32 caliber double-action revolver; \$20; 500 record albums, worth \$2,500; miscellaneous jewelry items, \$50; steam iron, \$12; a metric tool set, \$18; a portable television set, \$89; and a German anniversary clock, no value stated.

The burglars entered the dwelling through a sliding glass window in the bathroom on the second floor where the window was broken. The entire house was ransacked, police said.

Eggs were splattered on the floor and obscene words painted on the interior walls. Bottles had been smashed in the rear yard and a trash burner barrel was removed from the alley and its contents dumped on the back porch, the report stated.

BEAUTY AND THE BEAST. Little Audria Barton admires her frog, Humpty Dumpty, after a second place in the frog jumping contest, a Jubilee activity at Wilson Park. Her parents, Mr. and Mrs. Bob (June) Barton explained the frog was named Humpty Dumpty, but Audria couldn't pronounce it.

The custom of an old shoe after the bride and groom is a tradition that has been around for centuries. It is a symbol of good luck and a reminder of the journey ahead. The shoe is often a gift from the bride's mother or a friend, and it is worn by the bride on her wedding day. The shoe is then placed on the ground, and the bride steps on it with her right foot. This act is believed to bring good luck to the marriage.

Mrs. Sandra Hicks, 1537 Fourth St., Madison, told police Thursday morning that a vandal placed sugar in the gasoline tank of her car overnight.

Oct. 1 Is Target Date of Howlett

By RAY SERATTI
Copley News Service
SPRINGFIELD — Democratic State Auditor Michael J. Howlett is expected to formally announce that he will seek the party's nomination for governor on Oct. 1.

Howlett, of Chicago, is the only incumbent Illinois constitutional officer elected to a third consecutive four-year term.

Howlett has hinted broadly that he would be running for the post. But in his broadly dropped hints and speeches throughout the state, the one thing that Howlett has always stressed is the fact that he would go before the Democratic State Central Committee and present his credentials as to why party leaders should endorse him for the gubernatorial post.

Howlett is one of the first and has been consistent on the matter about going before the Central Committee to seek that group's endorsement.

The Central Committee will meet later this year to interview the possible candidates for statewide offices. This time, the gathering of the group will be one of the most important in recent years. In the final analysis, the work of the committee will boil down to one man—Chicago's Mayor Richard J. Daley, the state's number one Democrat.

Thus far only one candidate—Dan Walker—has said he will run in the Democratic Party primary election with or without the support of the party regulars. Walker is currently walking from Cairo to Chicago by way of Granite City and Mitchell in an effort to build a broad base of support and to find out what the man on the street is thinking.

Lt. Gov. Paul Simon of Troy is expected to make some type of an announcement on his political future after Labor Day. Simon probably would like to run for governor against Republican Gov. Richard B. Ogilvie but there has been some feeling among Democratic lead-

Lunch Guidelines At St. Mary's Set

Guidelines for parents wishing to enter their children in the free or reduced price lunch program at St. Mary's School were released this week by school officials.

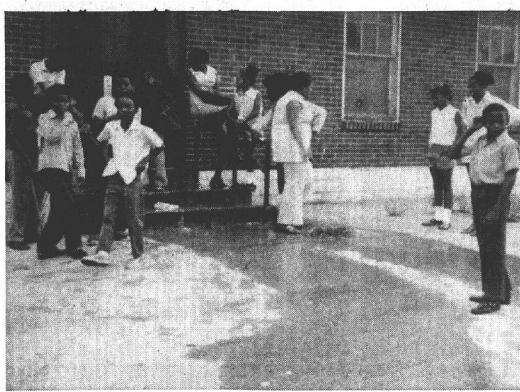

Eligibility requirements range from families with one child and an income of \$2,000 per year or less to families with 12 children and an income not exceeding \$8,000 per year. Families falling within these scales are eligible and others with hardships or unusual circumstances may be considered by submitting application forms sent home in a letter to parents. Complete guidelines for eligibility may be obtained from school officials.

ers that Daley might like to have Simon take on Republican U. S. Sen. Charles H. Percy. Despite his somewhat liberal leanings on some issues, Percy is expected to be a tough foe. With the indictment of Cook County State's Atty. Edward Hanrahan, Daley and the Chicago Democrats might want to push for Thomas Foran, former U. S. District Attorney, who has also announced his availability for the governor's post. William Hanrahan, one of Daley's mainstays in the Chicago Democratic organization, in trouble, it could mean that more work will have to be done there for the county ticket next year.

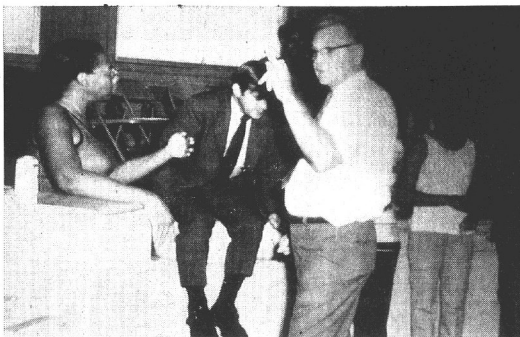

This could spell some trouble for the state ticket. Also, how serious is Daley going to be on the state ticket? Up to now he has not really suffered under the hands of a Republican governor, nor has he been badly treated in the legislature.

There is one more name that has come into the gubernatorial sweeps takers. That is Cook County Board President Dunne. Dunne is a staunch Daley supporter and was one of Daley's lieutenants in the legislature when he served there.

But with all of the guessing, no one knows just what Mayor Daley is thinking. Daley will be the man to be convinced—and despite all of the second guessing, the final play it will be up to him.

FLOODED ANNEX. Water pours from under the lunchroom and classroom annex of Dunbar School after vandals stuffed towels in the home economics kitchen sink and turned on the water. Children gathered around the school last week but were prevented by their parents from attending classes.

A DISCUSSION between parents of Dunbar School children and Fred Riddle, superintendent, center, took place at the school last week after parents refused to allow their children to attend the school, claiming it is unsafe. Riddle discusses the condition of the school with Mrs. Barbara Madison, left, as parents and observers listen.

K. of C. Will Sponsor United Fun Fair Booth

Tri-City Council 1088 of the Knights of Columbus will again sponsor a booth at the third annual Fun Fair to be held the first weekend of October, it was decided at a council meeting Thursday night.

Named chairman of the council activity by John Tritschuh, grand knight, was Kenneth Weiser, council community activity director.

During the meeting Weiser requested that bread wrappers be accumulated to help protect the next float entered by the council in a parade. The council float in the Granite City Diamond Jubilee parade was marred by a slight amount of rain shortly before the start of the parade.

The council agreed to purchase an ad in the Granite City firemen's annual dance program. The dance is set for Oct. 16.

Grand Knight Tritschuh announced that new members will be initiated into the order at the next meeting on Sept. 8. Members voted to sponsor three K. of C. teams for three leagues in addition to continued sponsorship of a women's bowling team.

Mike Modrusic, council activities chairman, announced that a K. of C. team is entered in the Granite City Park District's Labor Day softball tournament at Warthen Park. Other reports were presented by David Cruse on a corporate

communion breakfast held yesterday at St. Margaret Mary's Church, at which Sister "Fuzz" Cornelia was the guest speaker, and by Modrusic on the council's recent family picnic and a county softball tournament to be held at Wood River with the finals and a reception at Bethalto.

A brief talk was delivered by the Rev. Robert Becker, assistant pastor of St. Margaret Mary's Church. A spaghetti dinner was served by lecturer John Korscos, past grand knight.

Heck-Hoch Nuptials at Mitchell Presbyterian

Miss Terry Lee Hoch became the bride of Thomas Kearney Heck in a late afternoon ceremony Aug. 21 at the Mitchell United Presbyterian Church.

The Rev. John N. DiGiacomo, former pastor of the church, now living in Yorkville, Ill., performed the 5 o'clock double ring ceremony assisted by the Rev. William F. Reipschlag, the current pastor.

Mrs. Robert Stevens presided at the organ and furnished the wedding music.

The parents of the couple are

Mr. and Mrs. Ralph Hoch of Rural Route 2, Granite City and Mr. and Mrs. Gerald Heck, 2857 Center St.

The bride, given in marriage by her father, chose an imported pure silk organza gown of classic styling. The high neckline had a ruffled collar and the molded Empire bodice was paneled with Chantilly lace, edged with Venice lace scallops. The lace panel narrowed at the waistline and extended in width as it reached the hemline of the gown. The dress was designed with full bishop sleeves cuffed at the wrist.

The detachable train, falling gently from the back waistline, was secured with a bow and lace motifs and Venice scallops were repeated on the train. A Juliet cap of open lattice work and Venice lace daisies held in place a melody length veil of imported French illusion. Her bouquet was an arrangement of white elegance carnations, roses and stephanotis.

Mrs. Carla Gude was matron of honor and Misses Sharon and Patricia Heck, sisters of the groom, were bridesmaids.

The attendants were gowned in peal pink and the matron of honor in strawberry chiffon. The dresses were fashioned in identical style with high necklines and ruffled collars. The Empire bodices were accented with a multi-colored trim in the center front ending in a cascade of velvet streamers.

Full bishop sleeves were banded in matching Venice floral trim with a wide ruffle at the wrists and flowing chiffon panels draped softly into the A-line skirt. Each wore

matching headpieces and carried nosegays of pink Elegance carnations with baby breath. The groom chose Robert Gude as best man and Gary Wilburn and Robert Barthelmy as groomsmen. Ronnie Ash-

by and Tim Filkens served as ushers. Wendy Wilburn was the flower girl, wearing a dress identical to the bridal gown, and Jeffery Wilburn was the ring bearer.

A reception was held in the 300 Room of Tri Mor Bowl immediately following the ceremony. Mrs. Carl Williams, a cousin of the bride, presided over the guest book. Mrs. Clyde Moore, Mrs. Fred Liliensiek and Mrs. Jean Jones assisted at the reception.

Mrs. Hoch chose for her daughter's wedding a blue dress with matching accessories and the groom's mother selected a limegreen frock complemented with beige accessories. Both wore corsages of pink Elegance carnations edged in ribbon to match their gowns. Both young people are graduates of Granite City High School. After a wedding trip they will reside at Fort Polk, La., where the groom is stationed with the U. S. Army.

MRS. THOMAS KEARNEY HECK, the former Miss Terry Lee Hoch, a daughter of Mr. and Mrs. Ralph Hoch of Granite City, whose wedding took place Aug. 21 at the Mitchell United Presbyterian Church.

MR. AND MRS. JON WESLEY FISHER. Their wedding took place Aug. 21 at the Nameoki United Methodist Church. The bride is the former Mary Estelle Harris.

Mrs. Shirley Bridick was in charge of roll call by Mrs. Ruth Hubbard. A current contest was reviewed by team captains.

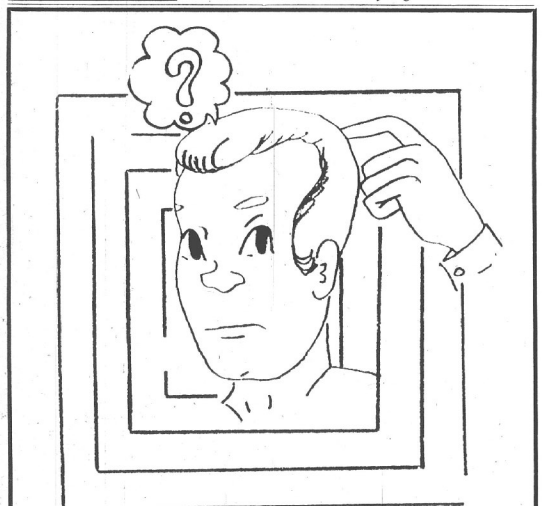

Mrs. Gloria Bennett was installed as club treasurer during a candlelight ceremony provided over by Mrs. Sobolewski.

A "wishing well" prize was awarded to Mrs. Pat Pelo. Guests were Mrs. Linda Johnson O'Hare Ave., had as their guests last week Mr. and Mrs. Jack Rottler and family of Pittsford, N. Y. The Rottlers and their children, Steve, Judy, Anne, Peggy, Tommy and Paul, were in St. Louis to attend the wedding of Mrs. Rottler's brother.

Refreshments were served, and material for "Rally Day" dresses was displayed.

MRS. MICHAEL MEHELIC. Her wedding took place Saturday afternoon at St. Mary Catholic Church in Madison. She is the former Maureen Tanase.

Mehelic-Tanase Wedding At St. Mary's Church

White summer flowers decorated the altar of St. Mary Roman Catholic Church in Madison for the wedding Saturday afternoon of Miss Maureen Tanase, a daughter of Mr. and Mrs. Vasil Tanase, 1800 Sixth St., and Michael Mehelic, son of Mr. and Mrs. Louis J. Mehelic, 1807 Fourth St., Madison.

The Rev. Sylvester Miek, O. F. M., officiated at the 2 o'clock double ring ceremony. Mrs. Dorothy Strang, the organist, played the "Bridal Chorus"; the themes from "Romeo and Juliet" and "Love Story"; "One Hand, One Heart" and "Today."

The bride's gown of pure white organza was fashioned with an Empire bodice trimmed with motifs of Venice lace masked with satin ribbon around the neckline, encircling the waist and the upper part of the full sleeves cuffed with lace. Lace also enhanced the front of the long skirt and fullness fell from the back into a full sweep train.

Small white roses secured a veil of silk illusion and the bride carried a romanticist bouquet of white pom pons, apricot roses and baby breath.

Miss Jeanmarie Tanase, a sister of the bride, was maid of honor and Miss Andrea Mehelic, the bridegroom's sister, and Miss Martha McKinney were bridesmaids.

They were dressed alike in chiffon gowns with bodices of white chiffon trimmed with Val lace, and apricot colored skirts. Apricot velvet ribbon encircled the necks, the bellies and the cuffs of the long, full sleeves. All three carried colonial bouquets of apricot pom pons and baby breath.

Lisa Robertson was flower girl and Danny Lallement, a cousin of the bride, served as ring bearer. The former, dressed like the older attendants, carried a white basket filled with pom pons tipped in apricot.

Philip Mehelic, a brother of the bridegroom, was best man, and the list of groomsmen and ushers included Steve Reinhardt, Gene Bezan, Mark McDowell and Robert Mehelic.

A formal reception was held at Augustine's Restaurant in

MORE ABOUT GC Schools

School officials reported an expected 485 students in the elementary grades and 205 high school students. Last year 220 students were in the high school and 482 in the elementary grades for a total attendance of 702.

Enrollment at the Madison Schools remained at the same figure with 2,000 registered for the elementary schools and 700 high school students. Last year's enrollment was 2,040 in the elementary schools and 660 high school students for an identical 2,700 enrollment.

Enrollment projection for the Granite City Schools was set at a total of 14,832; listing 7,927 elementary pupils, 3,421 junior high school pupils, 3,418 high school students and 186 special education students.

PIONEER RESIDENT who traveled the longest distance to attend Granite City's 75th Jubilee anniversary celebration, at right, was Mrs. Perle Barnfield who now lives in Sarasota, Fla. Presenting the plaque of appreciation is Mrs. Sara Dempsey, president of the Opti-Mrs. Club and chairman of the Pioneer Day selections. Mrs. Barnfield, formerly Perle Rosenberg, was the first girl born in Granite City.

MRS. LAURA BISHOP, 86, of 2860 Washington Ave., right, receiving an award as the oldest registered lady resident of Granite City, from Mrs. Sara Dempsey, president of the Opti-Mrs. Club and chairman of the committee selecting the Pioneer residents. Mayor Donald Partney is at far left.

Nixon Freeze Mixed Blessing

President Nixon's wage-price freeze is a mixed blessing for students at Southern Illinois University - Southern. Tuition will be lower this fall but a voluntary group insurance program will not be available because of the price freeze.

Even though a tuition increase adopted last January was not covered by the freeze, the SIU Board of Trustees voted to defer collecting it during the fall quarter because of the hardships it might cause parents and students who incomes were frozen. Refunds are now being made to those who had pre-paid fall tuition at the higher rate.

Students will not be as fortunate with their voluntary health insurance program. Blue Cross which has made a plan available to students each fall, has informed university officials that it will not be able to serve the campus with a voluntary plan because of the price freeze.

Blue Cross reports claims have exceeded premium income by 14%. Blue Cross was willing to renew the voluntary plan if the premium payments could be increased, or would be willing to write a new plan if the university would institute a compulsory insurance plan. The Blue Cross legal departments advised that a premium increase is prohibited under the price freeze order and the university's trustees have opposed any compulsory insurance plan. About 550 students of the 13,700 used the voluntary plan last year.

University officials are advising students who want health insurance to make individual arrangements.

The loss of the voluntary group plan will not affect the operation of the Health Service at the University.

Charles Roessner Dies at Age 67

Charles A. Roessner, 67, of 113 Paradise Lane, a 25-year resident of Granite City, died at 4:30 a.m. Sunday at Jewish Hospital.

Mr. Roessner was a member of the Hope Lutheran Church in Granite City.

A daughter, Mrs. Shirley Hellmann, died three years ago. Survivors include his wife, Mrs. Helen Roessner; a sister, Mrs. Margaret Burkhardt, and a brother, Rudolph Wagner, both of St. Louis; and four grandchildren.

Sewing Bee Has Jubilee Theme

Mrs. Eugene Ozbun, 1521 Garfield Ave., was hostess for an old fashioned "sewing bee" last week as part of the city's Diamond Jubilee.

She was one of the workers who helped staff the Jubilee store downtown. Wanting to give her friends a further chance to wear their Jubilee gowns, she decided on the sewing bee. The invitation stipulated bringing something to mend and wearing an old-time dress.

The hostess was assisted by her daughters, Karen Sue and Mrs. Diane Lee Wilson, and Sheri Lee Wilson, granddaughter of the hostess. All four were attired in Jubilee gowns.

A salad bar was set up, and dessert and drinks were served. Old-fashioned dolly doorsteps decorated the serving table. Place mats were yellow mats printed with the Jubilee schedule of events.

Each joined in a "fashion parade," modeling and describing her outfit and telling of its origin. Guest judges for the style show included Mrs. Alice McGee.

First place ribbon went to Mrs. Althea Taylor, second to Mrs. Frank Pare and third to Mrs. Marshall McElroy.

Guests were given the opportunity to tell of something they "remembered when," and Mrs. Clara Knipping read a poem recipe for making old-time lye soap, displaying a collection of old German literature. Mrs. Frank Pare sang the "Pioneer Song" which she had taught to her children and is now teaching to her grandchildren, and gave a reading on "Ladies."

Guests signed a register and enjoyed an afternoon of sewing. Others attending were Mesdames John Obranovich, Richard Johnson, Jeanette Krause, Charles Wade, Albert Rawden, Virgil Travis, Herbert Tempel, George Johannmeier, Arthur Johannmeier, Richard Brinkhoff, Beth Lewis, F. G. Stephens, Robert Hintz, Richard Nolan, Ralph Miller, Don Meyers, Rufus Ramsey, Walter Hanfelder, Don Wilson, Joe Michaels, Raymond Uram and son, Eulah Reis, Walter Conklin, Vera Carey and Alex Lapinski.

Youth on Bike Injured

Haskell Ray Hawkes Jr., Arnold, Mo., struck a bicycle driven by Steven Davis, 13, of 517 English Place, Mitchell, causing injuries at 4:45 p.m. Friday at Tennessee Avenue and English Place, Mitchell. The youth, knocked about 120 feet away, was taken to St. Elizabeth Hospital and transferred to St. Louis Children's Hospital. Hawkes was charged with driving too fast for conditions.

Tools, Paint Taken

Burglars took tools valued at \$150 and six cans of paint worth \$42 from a Quality Heating and Air Conditioning truck in a storage shed at 14th Street and Grand Avenue in Madison, company officials reported at 8:15 p.m. Friday. The paint was thrown on the side of the shed and vulgar words were painted on the inside of the truck.

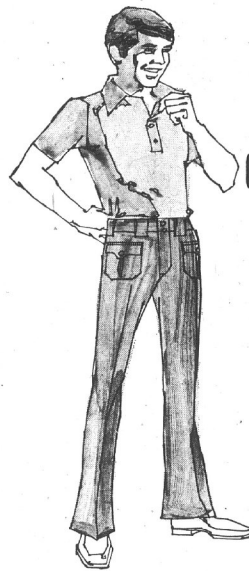

Rear of Autos Struck

An auto driven by Patricia Tutka, 1804 Edwardsville Road, struck the rear of an auto driven by Frank J. Kunick, 2807 Edwards St., showing it into the auto of Patricia Burkley, 312 Lenox Ave., Mitchell, at a traffic signal at 20th Street and Madison Avenue at 5:40 p.m. Friday.

Miss Debra K. Martin, Gary Mendenhall Wed

Miss Debra K. Martin, a daughter of Mr. and Mrs. Sherwin Martin, 2173 Harrison St., became the bride of Gary Mendenhall, son of Mr. and Mrs. Roy Mendenhall, 4045 Breckenridge Lane, Saturday evening at the Pontoon Church of Christ, with the Rev. Lowery Sutherland officiating at the 7:30 service.

Candles in tall standards with white ribbon bows lighted the aisle through which the procession passed, the bride escorted by her father, and candles also lighted the bench on which the couple knelt during a part of the wedding ceremony.

A reception was held at the church directly after the ceremony with Miss Rebecca Dudley in charge of the guest book. Mark Gifford presided at the organ and accompanied the vocalist, Miss Le Etta Marmion, as she sang "One Hand, One Heart," the Lord's Prayer, and "We've Only Just Begun."

de soie was used to fashion the bride's gown. The rounded neck was scalloped and trimmed with Alencon lace, and the highrised bodice was fitted to a slightly gathered skirt for walking. Bell sleeves were made of lace and organza with lace cuffs at the wrists.

A full, cathedral mantilla of imported organza and bridal illusion trimmed with a wide band of Chantilly lace was secured by a petaloid floral and lace headpiece etched with seed pearls and a modesty blusher veil. The bride carried a cascade of orchids, stephanotis, ivy and baby breath.

The Emure bodices were trimmed with orchid and white organza with V-shaped bibs, buttons and white lace. The standup collars were also of lace and completing their costumes were headpieces of orchid silk organza bows, and tiered veils. Their flowers were white and orchid daisies with orchid streamers.

Duane Teator was best man, and Mike Briggs and Ronnie Briggs, were groomsmen. The bride's mother wore a pale blue knit dress, while the bridegroom's mother selected a rose pink dress. Both wore rose corsages.

The newlyweds will honeymoon in the Ozarks. Both are graduates of the Granite City High School and the bridegroom is a senior at SIU-SW, majoring in history. He is employed by R. L. Wolf and Associates.

The rehearsal dinner was given at the bridegroom at the Flaming Pit in Edwardsville Friday evening.

GC Girl Runnerup in National Contest

Miss Barbara Wilkinson, 16, a daughter of Mr. and Mrs. Del Wilkinson, 2447 Benton St., has been named first runnerup in the national "Miss Coachman Contest."

The competition which involves presentation of a talent, modeling sportswear and appearance in a swim suit was held at Middlebury, Ind., in connection with the "National Coachman Caravan Rally."

Sponsored by Coachman Industries, the rally and contest are staged annually at different locations throughout the country, returning each third year to Middlebury, headquarters of the firm which manufactures all types of travel trailers, truck campers and mobile homes.

About 1,200 persons attending the national rally viewed the beauty-talent contest won by Miss Heather Yocum of Mechanicsburg, Pa. Should the winner be unable to fulfill the functions required of Miss Coachman through next

August, the first runnerup will replace the title-holder, it was learned.

A junior at Granite City High School where she participates in the speech program, Miss Wilkinson presented a humorous reading as the talent portion of the contest.

In another activity at the rally, the local girl and her cousin, Juli Price of Battle Creek, Mich., were awarded first place in a teenage talent contest by performing a novelty dance.

The Wilkinson family returned home last week after spending a month-long vacation in Indiana and Michigan.

For nearly 25 years Mr. and Mrs. Wilkinson have enjoyed camping holidays and for the past three years have made extensive motor trips with a travel trailer.

The national caravan rallies attract vacationers from all sections of the country whose common bond is the enjoyment of camping. Mrs. Wilkinson explained.

Two Arrested in Area After Police Chase

Two St. Louis men were arrested on Route 3 at Interstate 270 at 3:45 a.m. today after a police chase from East Alton in which the men allegedly fired shots at police cars from East Alton, Madison County, Hartford, Roxana and Wood River.

East Alton police began following the car as a "suspicious vehicle" in East Alton at 3:30 a.m. today and reported the car sped up and went through a red light. The driver reportedly ignored police red lights and commands to pull over, and turned south on Route 3. Speeds reached 100 miles per hour. The passenger reportedly threw numerous articles from the auto during the chase.

East Alton police said the passenger began firing a pistol from the window and several bullets struck the right front of the police car. The car eluded a roadblock at Highway 22 and the chase continued to Interstate 270 where Madison County Sheriff's deputies had placed a roadblock.

The two men were arrested at gunpoint, police said, were handcuffed and returned to East Alton. Charges against the men had not been filed this morning.

SCHERMER'S BULLETIN: Four weeks of Grand Opening is enough. We think everyone now knows that "we are open". Most of our "specialty" items are now in stock although some few are still "on the way". Interesting reactions from our customers on the "Nixon Freeze". Most of the comments seem to be, "well, at least we don't have to worry about our last raise disappearing". In spite of the stories from Washington about this business being only a "90 day deal", our personal feeling is that in one form or another, controls are here to stay for some time.

Art Grissman said to be sure and mention that he really appreciated all the cards and letters that you sent during his illness. We hope that Art will be back with us this week.

We settled our insurance claim last week, so our bankers can "breathe easy" now. They will be paid shortly. Outside of that everything is running smoothly. Tell your friends about Schermers Bros. We still have room for more customers.

Three Arrested in Tire Theft Case

Two of three men whom police said were attempting to take a tire from a car without a jack, were trapped when the car fell on the tire, pinning their hands between the tire and the fender.

Venice police, on routine patrol on the Mississippi River levee at the boat dock, noticed three men gathered around the auto of Francis Ziegler, 2208 Alexander Ave. They said they found Charles S. Wright, 41, of 1014 Calhoun St., with his left hand caught. Another man, Charles Edward Stanley, 23, of 527 Mercedia Ave., Venice, ran to another car and attempted to escape, police said, but was stopped. They reported one of his hands was bleeding when it apparently had been caught between the car tire and fender, but that he had pulled free.

A third man, Alfred Jackson, 41, of 404 Weaver St., Venice, was standing in front of the car, police reported.

Madison and Venice officers assisted Jackson and Stanley in lifting the auto to free Wright's hand. The three were taken to the Venice police station and Wright and Stanley were then taken to St. Elizabeth Hospital where their injured hands were

The injured were taken to St. Elizabeth Hospital where Love declined treatment. A passenger in his auto, Ana Wright, 32, of 44 Garsche Homes, Madison, was treated for pain to her abdomen. X-rays of her chest were taken and she was released.

Hickman complained of pain to his left knee and chest and was examined and released. Two passengers in his auto, Jess Beauford, 69, of 2160 Lee Ave., and Marie Buford of the 2300 block of Iowa Street, also were injured. Expanded News Space, Coverage

In recent weeks, articles by Copley News Service have been appearing in the Press-Record. These are being published in addition to, rather than instead of, other news and features.

More overall space for articles and pictures is being provided by the Press-Record this year than in any year since it was established in 1903.

News authored by Press-Record news staff members is the product of such editors and writers as Miss Willy Fay, Mrs. Valerie Evenden, Mr. Donna Hogan, Harry Barnes, Marion Bartosik, Gary Schneider and Walter F. "Mick" Strange, with an occasional assist from Robert Dolan.

Neighborhood news of the Quad-Cities is reported by Messadames Charlotte Billbey, Eva Dean Harrison, Paye Hester, Harriet Lovins, Lucille Watson, Morris Doris Stoltz, Lois Weeks and Lenna Williams.

Ray Serati heads the Copley bureau at the Illinois state capital, Springfield, and the Press-Record's dispatches from Springfield also include such bylines as those of James Watson, Jerry Owens, Caryl Carstens and Joan Muraro.

Copley News Service has grown from a three-man reporting staff to a worldwide news-gathering agency in 16 years, making it the most rapidly expanding news media in the world.

Today its correspondents are found in all corners of the globe. More than 100 newspapers are served by CNS, compared with the 14 newspapers which originally took Copley News Service at its outset in 1955.

Copley News Service writers differ from those of some news media in that they look primarily for behind-the-scenes stories. They specialize in background, feature and interpretive news.

President of Copley News Service is V. H. Krulak, who retired as a three-star general in the U.S. Marine Corps, to head the rapidly expanding supplemental news service.

As in the beginning, Copley News Service maintains its headquarters in San Diego, California.

Based there are: John Pinkerman, editor; Charles Ovi, executive editor; Bill Giandoni, Latin American editor; Paul Corcoran, assistant news editor; Harold McConnell, news editor; and writers Bob Betts, Jeff Cushing, Neil Morgan, Frank Macomber, Ruthven Libby, Don Freeman, Dave McIntyre, Susan Meade, Jack Murphy, Beth Mohr, Rella Williams, Susan Delight, Carl Ritter and Carl Paine.

Veteran newsmen Ray McHugh heads the 10-member Washington bureau.

Other U.S. bureau managers include Arthur J. Serrano, Sacramento; Tony Cimarruti, Los Angeles; and Serrati, Springfield, Illinois.

Copley News Service correspondents can be found throughout the world.

They include: Penny Lernoux, who heads the Buenos Aires bureau; Nat Caines, Puerto Rico; John Parker, Chile; Bessie Galbraith, James Budd and Alfonso Castro, Mexico; Patrick Morrow, Henry Theiss, Joseph Brant and David St. Clair, Brazil;

R. S. Cochran, Columbia; Doreen Gillespie and Steve Harrison, Peru; Duncan Campbell, Panama; Lynne Carrier, Ecuador; Guillermo Zavala, Bolivia; Henry Goethals, Central America;

Antonio Gomes and Robert Lawrence, Caribbean; T. de Lacy and David Mazon, Costa Rica; Rosa Maria Atella, Uruguay; Norman Roberts, Ar-

gentina; John Marquis, Bahamas; James J. Brodell, Alan Jenks, Julie Kruger and Evelyn Schmitt, Venezuela; Bill Adair, Taiman; Arthur C. Miller, Hong Kong; Benedict David, Philippines; Chris Roberts and Mari- on Kaplan, East Africa; Ron Anderson, James Clarke and Peggy Hawthorne, Africa.

Francis X. Carty, Ireland; H. J. Barnes, Copenhagen; Thomas Nuzum, Paris; Robert Hutchison, Geneva; Michael Landers, Brussels.

Gene Gregory, Turkey; Metin Mulla, Turkey; Herman Goud, Cyprus; E. E. Kuebler, Israel; Frederick B. Oppen, Vienna; Desmond Wetters and James Worsdale, Great Britain.

Peter Kunt and Norman Fraser, Germany; Alan Dean, Belgium; R. C. McEwen, Sweden; Cima Star, Italy; T. A. Mishaw and T. C. Cross, Beirut; Victor Walker, Greece; Alan Sims, Sweden.

D. A. Scott and Alan Tren- gove, Australia; Saba Ratnam, Singapore; E. J. E. E. E. Chan- celey Lee, Korea; Irwin C. Nye, Thailand.

Thomas A. Alexander, Laos; Philip S. H. T. Malawi; James Brown, India; K. G. Navaratne, Ceylon; George Nicholas, Rhodesia; Greg Connolly, Guyana; James Standing, Canada; Gordon Irving, Scotland; and Harry Debelius, Spain.

Copley News Service column- ists include Macomber, a 35-year veteran reporter, who is recognized as one of the top 100 military writers in the country.

Freeman, McIntyre and Serati are recognized as the top 100 news writers in the world. Freeman, a prize-winning writer whose articles have appeared in Satur- day Evening Post, wrote time- to time, reports on television. Both Meade and McIntyre cover the movie industry.

Hair and Ritter are experts in the financial field, and sports are covered by former Headline Club member Jack McMurphy, Williams, Bob Ortmann, Nelson Fisher, Joe Hughes, Mike Waldner and Corcoran.

Women's interest stories are prepared by Beth Mohr, Susan Delight, Barbara Hartung and Betty Peterson.

Libby, a U.S. negotiator at the Korean peace talks, writes on world affairs.

Macomber and Cliff Smith cover the science field, and Morgan specializes in Western features.

With this assemblage of talent, Copley News Service is able to keep readers abreast of the news in all fields with daily, exciting stories from around the world.

Not all of these writers are included in one or two "Who's Who" lists. Some are heard from at some time or another when developments in a particular field make it necessary to have an impact on Quad-Cities.

The goal of such a service, as well as that of the Press-Record, is to convey the "why" as well as the "what" of news. The "information explosion" of the modern era may raise to some as more of a bewildering explosion of misinformation that confuses through mass presentation of unrelated and jumbled facts mixed with fic- tion.

This is solved by veteran ob- servers and writers associated directly and indirectly with the Press-Record, by untangling and correctly assessing the mass in- formation into balanced, easy-to-understand presentations.

The art of communications boils down to not only what is "sent" by the writer but what is "received" by the reader. This is the test of accuracy, clarity and thoroughness which we attempt to meet.

How Long to Keep Tax Records?

(Internal Revenue Service)

Q) I want to clear out some of my old bank records, check stubs, canceled bills and the like. Is there any need to keep these per- sonal records for tax pur- poses?

A) Records should be kept as long as they are material in administering any Federal tax law.

As a general rule, the IRS may assess additional tax or you may claim a refund within

three years of the due date of a return. Therefore, any record you might need to support an item listed on your return should be kept at least three years.

Rendleman a Farsighted Education Innovator

With Record of Solid Achievement at SIU-SW

(Guest comments — with which the Press-Record agrees — by Southern Illinois University News Service.)

Most university presidents begin their service as strangers to the campuses they are chosen to lead. When Dr. Rendleman becomes the first president of Southern Illinois University-South-

western Sept. 1, he will be climaxing 20 years of service at the SIU system, the last three as chancellor at SIU-SW.

The new president came to SIU at Carbondale in 1951 as an assistant professor of government and acting legal counsel. Since then he has served as legal counsel, acting director of personnel, executive director of business affairs, general counsel, vice-president for business af-

airs and chancellor. At 44 years of age, Rendleman will be one of the youngest presidents of any major university in the U. S. He has helped transform the SIU system from a single, provincial teacher college campus into one of the largest multi-

versity systems in the nation. In his first speech after becoming chan- cellor, Rendleman said, "This campus can be the pacesetter for American higher education in the next decade; there is no place with greater potential for change and growth." Three years of service as chancellor have not changed that view.

Rendleman came here at the time the campus was first beginning to flex its academic mus- cles and strive for eventual autonomy. The new president has led campus progress toward the maturity that has been recognized by the Board of Trustees in its decision to name presidents for each of the main SIU campuses.

Rendleman has emphasized participation from all segments of the campus in the govern- ance. With his encouragement, a new Uni- versity Senate was created, giving representation to faculty, non-academic personnel and students on the top policy recommending body for the campus.

The new president's concern for the welfare of individual students, and his ability and willingness to meet them face-to-face on their thorny issues, has kept the campus peaceful

and free of the area without excessive displacement of existing fa- cilities. As Democratic spokesman of the Environment Committee in the Illinois House of Repre- sentatives in Springfield, Dr. Rendleman has played in the role of a "one horse town" to a liberal, complex industrial com- munity.

I want to compliment you on what I consider one of the fair- est and most accurate accounts of the contribution of the labor movement in the development of our town.

Even in the enlightened times of the 1970s, seldom are we given credit or recognition of the fact that union members and their leaders are first and foremost citizens of their communi- ties—and just as interested in making their cities and towns a good place to live, work and raise their families as any other segment of our society.

The people who shaped and built Granite City have recog- nized this over the years, and I want to thank you for remind- ing us all.

It is just another reason that I have always been proud to call Granite City my home town.

ROBERT G. GIBSON Secretary-Treasurer, Southern Illinois Federation of Labor and Congress of Industrial Organizations

WATERLOO AIRPORT BOON TO ILLINOIS, MISSOURI To the Editor:

I feel that environmental problems were fully studied by the consulting firms that con- sidered the various possi- bilities for a St. Louis Metro- politan Airport, and I agree with their decision that the Waterloo, Ill. site was com-

patible with the environment of the area without excessive displacement of existing fa- cilities. As Democratic spokesman of the Environment Committee in the Illinois House of Repre- sentatives in Springfield, Dr. Rendleman has played in the role of a "one horse town" to a liberal, complex industrial com- munity.

I want to compliment you on what I consider one of the fair- est and most accurate accounts of the contribution of the labor movement in the development of our town.

Even in the enlightened times of the 1970s, seldom are we given credit or recognition of the fact that union members and their leaders are first and foremost citizens of their communi- ties—and just as interested in making their cities and towns a good place to live, work and raise their families as any other segment of our society.

The people who shaped and built Granite City have recog- nized this over the years, and I want to thank you for remind- ing us all.

while other universities have not been as for- tunate. "We know he came about us" is a com- ment heard from many students.

Rendleman puts his concern for students into action that has visibly changed the campus. He established a campus day care center to provide a place for childless students, mothers attend classes long before these centers became commonplace. Innovative educational programs have also been designed to place mothers for- ward on welfare rolls into productive employ- ment.

When Women's Lib leaders in the area took aim at the campus, they found the new president had anticipated the movement and the university was already working actively to provide equal opportunity and pay to women members of the faculty and staff. A faculty welfare committee had investigated and re- ported that the university would "rank higher than the national average in terms of recom- pense for qualified women" and that there is "no apparent pattern of discrimination in rank."

Growth of the campus has been steady during Rendleman's chancellorship. He saw the need for a master plan for academic and physical development early in his administration and SIU-SW now has a long-range plan which is revised on an annual basis to provide both long-range goals and the flexibility needed by a young university. It is the first comprehensive plan ever developed by a university.

Under President Rendleman, the School of Dental Medicine was established and develop- ment has progressed to the point that a fresh- man class of 24 students is expected to enter in September. The dental school is the first of several professional schools which are likely to be es- tablished here during the next decade, changing the emphasis of the campus from undergraduate to graduate education.

The first doctoral degree program is now before the Board of Higher Education awaiting approval and the DHE is expected to vote in September on a proposed master degree pro- gram in city and regional planning. A bachelor degree program in sanitation technology, the first of its kind in the country, and master pro- grams in philosophical studies and speech also have been instituted under Rendleman. Graduate degrees in 41 fields are now offered here.

Rendleman's personal philosophy has been a part of the total metropolitan area. His goal has been to develop an educational pro- gram that serves specific metropolitan needs. If he could, he would wipe the Mississippi River off the map, since he views it as an artificial barrier separating two mutually dependent urban areas. Instead, he has worked to bring the areas together culturally through the Mis- sissippi River Festival, which has been held on the campus for the last three summers.

The long-range plan projects an SIU-SW enrollment of 20,000 in 1980, with a faculty and staff of 3,455. Whether these goals are reached depends on the availability of funds and the cooperation the university receives from many different sources.

The new president's personal philosophy is highlighted by a quotation from Samuel John- son displayed on his office bookshelf. "Nothing will ever be attempted if all possible objections are taken into consideration." The philosophy has helped Southern Illinois University's Southwest- ern campus develop to its present state and is the key to the educational innovations which will be the new president anticipate will be taking place.

No Job Problem for Matronly SIU-SW Coed

If the demand for teachers is diminishing these days, Mrs. Hildegarde Davidson of Granite City, a senior at Southern Illinois University-Southwestern, hasn't been affected by it.

Mrs. Davidson, who will receive her bachelor's degree Sept. 3, initiated interviews at five high schools this spring and received offers from each of them. She has elected to teach German at Riverview High School in Sarasota, Fla., this fall.

"All the things I thought would go against me in looking for a teaching job—my age and lack of experience—turned out to be assets," the attractive white-haired matron said.

Born in Königsberg, East Prussia—now known as Kaliningrad, Russia—she came to this country in November, 1951, the day before Thanksgiving. "I well remember that day," she says. "I had a girl friend in Ohio I wanted to visit but I had been told it would be impossible to secure a train reservation because of the holiday. I didn't have any difficulty at all. The man at the reservation desk just asked me what train I wanted. It wasn't until later that I found I was going expensive class-room."

In 1953 she came to Granite City to be married to Sgt. Paul Wilks Davidson, whom she had met in Hanau, Germany, when

he was there with the Department of the Army. Two years ago he retired from the Granite City Depot.

While working for the Air Force in St. Louis—first as a secretary and later as a production analyst—Mrs. Davidson decided to go to SIU-SW "I wanted to see if my brain was still functioning," she laughed.

She started with a course in English at the East St. Louis center. Upon the advice of German Prof. R. J. Spahn, she became a German major and was accepted in the Deans' College as a full-time student.

"Someone must have thought my brain was still functioning," Mrs. Davidson concluded.

First Aid Class to Open Here on Sept. 2

The five-week course will be under the leadership of American Red Cross Instructor Mrs. Opal Davis on Tuesday and Thursdays from 9:30 a.m. to 11:30 a.m.

Those interested in taking part should register with Mrs. Duniphan by calling 931-2714 prior to the first session. No one will be admitted to the classes after the starting day, Mrs. Duniphan said, since there will be no make-up lessons.

Conservation Service Sells Fish for Ponds

The Madison County Soil and Water Conservation District is sponsoring a sale of channel catfish to anyone who desires to purchase catfish for their ponds. These are pond-grown channel catfish, 6 to 9 inches long and cost 15c each. They will be delivered to the USDA Building on Old Alton Road (just south of the intersection of Routes 143 and 150 on the north-west edge of Edwardsville).

The delivery date will be Friday, Oct. 1, at 9 a.m. on the parking lot of the USDA Building. The fish must be reserved in advance, with reservations made before Sept. 24. Buyers may phone 636-4710 between 8 a.m. and 4 p.m. Monday thru Friday to reserve the number of catfish desired. A small deposit must be made to assure delivery of the fish. District Chairman Melvin Koelel requests reservations be made early since quantities are limited.

Containers of pond water are needed for transporting the fish, allowing approximately one gallon of water for four to six fish.

Aid for Some Agencies With Tax Exemptions

By RAY SERATI
Copley News Service
Springfield — Checks should start going into the mail shortly for those governmental units that report a loss of revenue because of some personal property tax assessment exemptions.

A special fund of \$3 million has been established to help the 2,800 local governmental units that qualify for the compensation lost through the exemption of one automobile and one household of furnishings on personal property taxes.

Countries, cities and other units benefiting from the state income tax are not included in the legislation providing the \$3 million relief fund. Eligible units include counties not under township organization, townships, junior college districts, park districts, sanitary districts, park districts, airport authorities, hospital districts, forest preserve districts, mosquito abatement districts, tuberculosis sanitarium districts, public health districts, river conservancy districts, street lighting districts, water authorities, watershed districts and surface water protection districts.

The \$3 million special fund has been approved by the General Assembly and Gov. Richard B. Ogilvie.

First Checks Prepared
An official in the Local Affairs Department, which is headed by Robert J. Lehnhausen, said checks totaling about \$1 million are being prepared by the state. He said it is hoped these checks will be in the mail to the various local governmental units shortly.

Applications have been received for over \$3.5 million of the \$5 million total. The departmental spokesman said that as of now information has been received from 75 counties. Nothing has been heard from the remaining counties. County clerks must submit to

July Bridge Traffic At 7,554 Per Day

Traffic over McKinley Bridge is averaging about half of what once did before opening of the Interstate 270 Chain of Rocks Bridge and the Poplar Street Bridge in East St. Louis, according to a report filed with the Venice city council by Bridge Manager Henry McMullen.

McMullen reported a total of 234,174 vehicles passed over the bridge during July, or about half the volume of three years ago. July traffic during the first week totaled 50,588 vehicles; the second week, 52,821; the third week, 54,468; and the fourth week, 52,497, McMullen said.

Traffic during the last three days of the month was 23,806 vehicles for a July total of 234,174. This was an average of 7,554 vehicular crossings per day, McMullen's report added.

Before the opening of the toll-free bridges on Interstate 270 and in East St. Louis, McKinley Bridge had an average daily traffic volume of well over 14,000 per day.

the department a regular annual report which lists all the taxing districts and their valuations and levies for 1970. Apparently some of the counties have not recomputed tax levies because of changes in the home-stead exemption laws.

After getting the information from the counties, the Local Affairs Department prepares an application for funds and this is sent to the local taxing body. It must then be verified and approved by the local unit.

Increased Penalties for Armed Violence, Robberies

Gov. Richard B. Ogilvie has approved legislation (HB 585) which provides increased penalties for armed violence or armed robbery convictions.

The bill provides a minimum five-year prison term for persons convicted of armed robbery. Upon a second or subsequent conviction, a person shall receive a minimum eight-year term.

In other actions, the governor has approved:

HB 277, making the possession of a highway sign by any person other than a highway employee, a misdemeanor.

HB 507, validity annexations or detachments of territory to and from school districts despite the lack of an election on the retention of existing bonded indebtedness of the districts involved.

HB 1779, empowering a school board to place students into a corrective curriculum.

HB 1922, amending the Park District Code to provide for one polling place in each municipality of 50 registered voters.

HB 2923, releasing a right-of-way easement held by the state over three parcels of

land (approximately 11 acres) located near the Chain of Rocks-Kingshighway Bridge in Madison County.

SB 102, authorizing the Department of Public Works and Buildings to vacate highway easements in Township 9 South, Range 1 East, Section 13 of Williamson County.

SB 608-613, various Vehicle Code amendments, establishing new regulations and fee schedules.

The governor returned HB 584, recommending that the Yorkville State Game Farm be named the "Glen D. Palmer State Game Farm in Kendall County," to honor Palmer, who was the first superintendent of the Yorkville game farm when it was purchased in 1925. Palmer was appointed the director of conservation by Gov. William G. Stratton in 1953.

Ogilvie vetoed HB 1355, which would have required the Department of Conservation to publish its administrative orders in at least four newspapers. The governor said the bill was "inappropriate at a time when the General Assembly is considering House Bill 1369 and other legislation designed to give Illinois a uniform system of administrative procedures."

To date, the governor has approved 1,286 bills, vetoed 61, vetoed in part five, reduced ap-

Quad-City Amvets Enrolls 5 Members

Amvets Post 51 officials enrolled five new members at the club's business meeting last week in the Post Home, 5100 Lakeside Drive.

Welcomed by Amvets Commander Ben Sanders were Ernest Long, Daniel Boone, Carl Rittenberger, Robert Odum and Howard Culp, who were initiated into the local post.

Marvin Hunter, Post 51 service officer, reported plans to attend a meeting of the newly-formed Illinois Veterans Assistance Committee. The group, which includes representatives from several veterans' organizations in Madison County, is designed to provide aid to servicemen seeking various types of assistance. Hunter explained.

Steve Konvick, public relations director, displayed letters from former President Lyndon B. Johnson and members of his staff advising the post that a Press-Record article and communications from Post 51 are now part of the presidential papers contained in the Lyndon Baines Johnson Library at Austin, Tex.

The newspaper article, sent to the former president in 1967 by Konvick, recounted details of a visit and speech made here by the national Amvets commander who vigorously supported Johnson's stand on the Vietnam War.

Joseph Wickham said the post's annual fund-raising drive, which will commence Sunday, Sept. 19, with the public invited to take part. Wickham also announced that several fibre containers have been donated in which to store the 100 American flags acquired to decorate Madison Avenue on national holidays.

Plans for the "Amvets Day" celebration, set Sunday, Sept. 5, were discussed. A barbecue supper for Amvets, auxiliary members and their families is being arranged, Sanders said.

MORE ABOUT GC Jubilee

Greg Hill, Jeff Sherman, Juan Jose Ortiz and George Conner Gavin.

Barry Loman, president of Granite City Diamond Jubilee, Inc., a group of local businessmen and civic leaders who spearheaded the entire Jubilee Week program, commented today on "the remarkable job of the cast in presenting the 'Progress in Progress' pageant."

"When you realize the number of people involved, the varied hours set for rehearsals and that few members of the pageant cast had ever set foot on a stage before, you can appreciate the work they put into the production," he said.

"I think they gave us an outstanding performance," the official stated, noting that attendance at the six nightly performances was not as high as expected for a "once-in-a-lifetime event of this type."

A nightly audience averaging 500 persons viewed the pageant which retraced the community's history via local and national events from the late 1700s.

HONORARY CITY OFFICIALS were installed on the steps of city hall by Mayor Donald Partney, right. Students installed for Youth Day were, from row from left, Mike Busch, police chief; Nancy Riggs, mayor; and Vicki McFain, fire chief. Back row, from left, Police Chief Ronald Zeizer; Arthur "Pete" Metcalf, Jubilee chairman; Barry Loman, Jubilee general chairman (partially hidden), and Fire Chief Earl Fronabarger.

Price Compliance No Problem — Schermer

Leo and Avery Schermer, operators of Schermer's, Madison County's largest independent supermarket, told the Press-Record today that compliance with the recent price freeze order should pose no problem to any retailer, food and non-food alike.

"This is the law of the land," Avery Schermer said, "and whether you like it or not, the proper attitude is 'we will obey.' Naturally, competition will continue to prevail; while many prices will remain frozen at their ceilings, we expect to continue offering many values every week at prices far below."

He noted that during the Korean conflict, he worked for the Office of Price Stabilization as an economist and price analyst. He said that if the program continues beyond the 90-day initial period, he will not be surprised if he is "called to duty" as price administrator of a district office is set up in St. Louis.

During the Korean conflict, Schermer said, the St. Louis district office held responsibility for compliance of the eastern half of Missouri as well as Madison and St. Clair Counties in Illinois.

He expressed the hope that the need will not arise for any government administrative structure. "However, as a practical matter, it seems to me that if the freeze continues, it will be necessary for some kind of Price Administration," he concluded.

Contractors Must Comply With Freeze

The General Services Administration has issued interim procurement instructions which require existing and potential contractors to comply with President Nixon's order directed at stabilizing prices, wages and rents.

Administrator Robert L. Kunzig, a member of the President's Regulations and Purchasing Review Board, said GSA's Federal Supply Service has issued instructions "which require contractors to certify that they are in full compliance with all aspects of the Executive Order to qualify for new contract awards. They also must warrant that prices bid or offered on new Government contracts conform to the Executive Order or that the prices be reduced accordingly at the time of billing."

Existing Government contractors also will be affected by the instructions. All contractors will be required to certify that the amounts billed are in compliance with the Executive Order before they will be paid. Kunzig emphasized that "inclusion of the certification in compliance with the Executive Order would continue to assure prompt payment of invoices."

New contractors are being required to insert the price warranty and certificate in their subcontracts. "GSA and the Department of Defense are coordinating all efforts toward insuring uniform Government-wide procurement guidelines," Kunzig said.
